

Homework 1:

1. I choose #gabbypedito, referring to the influencer who recently went missing.
2. I've collected about 64000 so far, it took about 24 hours.
3. Most frequent user ID: 1438973448487845904, screen name: EmmanuelDemila4

This seems to be either a bot, anonymous, or private user because I couldn't find the username on twitter and there seems to be a lot of copies.

4. The most retweeted tweet. Has strange text, maybe in another language?? Seems like a bot as well.

```
{
  user_id: 1439646343719362600,
  tweet_id: 1439646876655972400,
  tweet_text: "Da'ida\n" +
    '&lt;&lt;&lt;كود&gt;&gt;&gt;&lt;&lt;&lt;خَصْم&gt;&gt;&gt; 36C7F6E8\n' +
    'نمشي_KC35',
  retweet_count: 64629
}
```
